# 350 HOUR CASAC CERTIFICATE

For careers in chemical dependency counseling

## TRAINING TOPICS INCLUDE:

- Alcoholism & Substance Abuse Counseling
- Treatment Planning
- Case Management
- Clinical Evaluations

Offered by Cayuga Community College, this community-based training series supports participants who are interested in careers in chemical dependency counseling to help those in need in our communities.

Participants will engage with field professionals and instructors to complete the 350 hours required by the New York State's Office of Addiction Services and Supports (OASAS). The four modules combine classroom instruction and interactive discussion to develop the skills needed to be an effective chemical dependency professional.

After completing the series, participants are eligible to apply for the Credentialed Alcoholism and Substance Abuse Counselor Trainee designation (CASAC-T). Upon earning the CASAC-T designation, participants may also apply credit toward the Cayuga Community College Human Services AS degree.

**PROGRAM REQUIREMENTS:** Proof of high school diploma or equivalency, a personal statement, and program application must be submitted to the Office of Community Education and Workforce Development.

350 hours \$2,996

The next cohort begins April 2024
